

Use of Indoor

A few rules of courtesy to make use of the indoor enjoyable for everyone:

- **Pick out all manure immediately after you ride**
- **Use of indoor must be paid for in advance**
- **No loose horses or turnout allowed in indoor**
- **Always pass left to left**
- **If you are just walking to cool out or warm up, the working horse has the right of way so stay off the outside track.**
- **Lunging of horses is permitted. Do not lunge near the mirrors. Lunging while someone is riding a green or spooky horse can be dangerous; therefore, you must ask permission with them if they are comfortable with you lunging while they ride and you must respect what they say. If they prefer you not to lunge while they are riding, please wait patiently until they are finished.**
- **Lessons do not have exclusive use of the arena; however, they do get the right of way. If you have a lesson scheduled please post in on the board so that boarders have the option to ride at another time.**
